

IMPORTANT NOTICE

STUDENT 5 YEAR PERIOD STUDY PLAN

Following a meeting of the Education/Membership Committee held on 1 March 2007 the following agreement is to be issued.

STUDENT ROUTE

Under the current ruling a Student has five years in which to complete the Institutes written examinations.

The term “**working towards**” gaining a grade within the IAEA is as follows for those registered as Students:

Within the five year term conditions of acceptance are that you must have completed 1 of the four examinations in the first 18 months of being accepted.

After 2 years you will have taken 2 examinations and after 3 years have taken 3 exams, by the end of your five year period you should have taken all four sections whether or not you have passed these examinations is irrelevant. You should then work towards taking the Practical examination.
